VAUGHAN'S NEW UPRIGHT WHITE BRANCHING ASTER.

VAUGHAN'S BOOK FOR FLORISTS

* BUSINESS CONDITIONS. *

TERMS on Florists' stock: To customers of approved credit, 60 DAYS, except on certain CASH items. Special 3 per cent. discount for cash in Ten days) from these list prices only), not from the "Special" quotations and excepting NET CASH ITEMS.

New Accounts: New customers, if not already well known, will please send cash with first order and if desiring to open an account send good references, property statement or other information concerning their commercial standing as they may be able to furnish. This will avoid delay which is often very annoying. We cannot be expected to ship goods to those whose good standing is not known to us. For references please name bankers, wholesale merchants or other well-known business men with whom you have had dealings—such information will be held in confidence.

Our Responsibility: While we always aim to have the best BULBS AND DORMANT PLANTS which each season affords from reliable houses, we cannot and do not guarantee any of them to flower or produce a crop of flowers at the prices given, nor will we be responsible for the crop. We assume our customers to be acquainted with these conditions and if the stock is not accepted on such conditions it must be returned at once and any money paid will be refunded. Live plants and like perishable stock should be sent by express; we cannot assume any responsibility whatever for safe arrival when such plants are ordered by freight by the purchaser. The remedy for loss must lie between the buyer and the Railroad Company, but we will gladly render all the aid we can.

We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order. PERISHABLE stock, plants, etc., are POSITIVELY NOT SENT C. O. D.

LOW EXPRESS RATES ON PLANTS.

We ship plants by all express lines to any part of the country. Under the ruling of the leading express companies plants packed in closed boxes or baskets are now being carried at the "GENERAL, SPECIAL" rate, which means a reduction of 20 per cent. from the regular merchandise rate. Boxes weighing less than 100 pounds are charged at pound rates, but the minimum charge is 45c. For example, if the general rate is \$5.00 per 100 lbs., a box containing 25 lbs. will cost \$1.00, which is a saving of 25c.

LILIUM AURATUM.

CALADIUM ESCULENTUM OR "ELEPHANT'S EARS."

PLANT NOVELTIES.

ABUTILON SAVITSI.

ABUTILON SAVITSI.

A novelty of sterling merit. More than half of the leaf is white and in some cases a great many leaves are almost pure white. The white is also very clear and pure and not a yellowish-green. It is a very compact grower and one of the most beautiful variegated plants. It thrives out of doors in summer and retains its beautiful variegation in the hottest sun. And for a border plant we know of no other which will make the show and do so well as Savitsi. Per doz., \$1.00; per 100, \$6.00.

SIX GRAND NEW COLEUS.

Tried and tested by us last summer and proved a great improvement over existing sorts. Every Florist should have a set.

Price each, 10c.; doz., \$1.00; per 100, \$8.00.

The Set of Six, one of each, for 50c.

Crotoni.—The croton leaved Coleus; a new race in the Coleus family. Leaves long and narrow and crumpled like a croton, highly colored with old gold, crimson and light green. A grand sort for specimen pot plants. Is also a good bedder, showing up in fine shape with us last summer.

Dewey.—Wide pointed leaves of a deep maroon with a wedge of bright crimson. Making the brightest show bedded out in the hot sun of any variety we know of.

Hobson.—Dwarf and bushy, never growing over 6 to 8 inches high, and of an entirely new color in coleus. Leaves medium size and of a rosy pink shading to crimson, with a margin of pea green.

Cuba Libre.—A bright crimson shading to a maroon with finely scalloped edges of pea green. A grand Coleus to stand bedding out since it retains its color through the entire summer.

John Rogers.—A fine combination of old gold and pea-green; retaining its rich color in the hottest sun.

Miltoniana.—A grand dark leaved sort of bushy, compact habit. The rich, purplish, velvety crimson leaves making a grand effect when massed.

COLEUS OF '98 VARIETIES.

Each, 10c.; doz., 60c.; per 100, \$4.00

Herman Hudermann.—A deep brown color with a large cherry-red center.

Pres. Druetz.—A bright scarlet, blotched deep crimson; good bedder.

Klondike.—Blotched golden yellow, light green and crimson. Very fine.

Karl's Gem.—Blotched pink, yellow and green.

Fascinator.—A wedge of bright pink in the center of the leaf. Outer edge is a dark purplish maroon.

Mrs. F. Sander.—Best for pot use. Its beautiful wedge of creamy white in the center of the leaf, with the edge of crimson and purple making a grand show.

Grand Collection of Coleus, Standard Sorts—Per 100, \$2.50; per 1000, \$20.00.

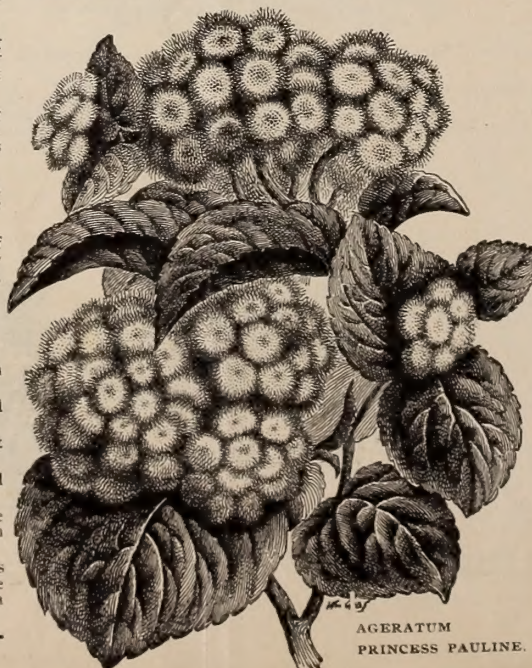

CHENILLE PLANT.

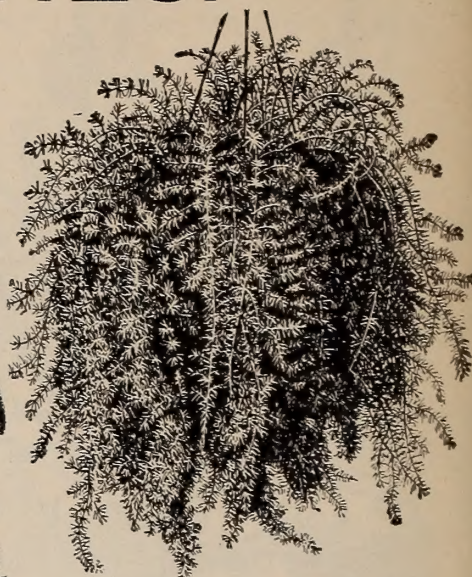

ACALYPHA SANDERI.

This is the most distinct and striking ornamental plant introduced in many years. It is a native of the South Sea Islands, is of easy and rapid growth and blooms continuously. The plant is of branching habit, healthy foliage and the flowers are most remarkable. The flower spikes, which appear in pairs from the axils of the leaves, grow from two to three feet in length. They are of bright crimson color, drooping and mixing among the green foliage with charming effect. For bright and curious effect it has no equal. It has received silver and gold medals and premium certificates at the Flower Shows this Autumn. Our illustration represents the plants as shown by us at the Chicago Flower Show, November, 1898. We offer strong, well-rooted plants of our own growing, mostly showing flower spikes.

AGERATUM PRINCESS PAULINE.

ASPARAGUS SPRENGERI.

This new Asparagus has proven to be useful in a variety of ways, especially so as a pot plant for decorative purposes, or for planting in ferneries or hanging baskets. It grows very freely the whole year round. The plant is very vigorous, producing sprays 4 to 5 feet long of fresh green feathery foliage which are handsome for bouquets, wreaths or sprays and remain perfect for weeks after cutting. It can be grown easily planted out on benches in a night temperature of 60 degrees. Both plants and cut sprays meet ready sale and all in all, it is one of the most profitable plants we have ever grown. No up-to-date Florist can afford to be without this new and free-growing Asparagus. We have a grand stock.

AGERATUM, Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white are combined in the same flower, the body of the flower being white, while the stamens are of a light sky-blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants that has come under our observation this season.

Per doz., 50c.; per 100, \$4.00.

New Winter-Flowering Begonia, Gloire de Lorraine.

This is undoubtedly the greatest gem in winter-flowering Begonias yet introduced, and is certain to become a popular favorite. It grows from 10 to 12 inches high, forming naturally, graceful, bushy specimens, which from October to April are completely hidden in soft, rosy pink flowers. We offer young plants from 2 inch pots, each 30c.; per doz., \$3.00.

New Forcing Rose. Maid of Honor.

The Brighter Bridesmaid, (Advertised as Miss Clara Barton.)

This grand sport from Mernet originated with the Hoffmeisters, of Cincinnati, Ohio. They say of it: "After rigid tests, during the last two years, we are able to state: 1st. That its color is a rich, glowing pink, darker than Bridesmaid, 2d. That it is an excellent keeper, and sells over the counter better than Bridesmaid, 3d. That it is a most prolific bloomer, with all perfect buds." 2 inch pots; per 100, \$15.00; per 1000, \$125.00. Ready after March 1st.

NEW GERANIUMS for 1899.

Price, unless noted, each 25c.

New Silver Leaved Geranium, William Langguth
or Red Flowered Mrs. Parker.

Seldom does a variety become famous so quickly as has the William Langguth. The plant is of a short stocky growth, beautiful deep green leaves, each marked with a broad, pure snow-white band. It beats all the silver-leaved kinds in free blooming. Flowers double, bright red, large; the extra filled out blooms rising from the white colored foliage very handsomely. Visitors at our greenhouses have all agreed in pronouncing it a first-class novelty. Each, 35c.; 3 for \$1.00; 12 for \$3.00.

Geranium, Jean Diand.—(Brant.)—Admirable plant of stocky growth, incessant bloomer; flowers of largest size, in immense trusses. Flowers are semi-double, light rose. The upper petals are marked with two beautiful white blotches. Its habit of growth, uninterrupted blooming and hardiness will attract attention at once and it will be grown in large quantities when better known. Each, 35c., doz., \$3.00.

Mad. A. Gerard.—Single. Plant dwarf and covered with flowers from Spring until Autumn; large trusses of large round flowers; bright carmine red with five large white spots, veiled and powdered with a bluish lilac tint. It is exceptionally valuable for bedding.

Mad. Blanche Jamet.—Single. Flowers very large, round, the shades and roundest of the Aureole type; the shades and variety of colors are novel; the five petals are broadly bordered with a beautiful clear carmine violet, the center marbled and spotted with white. Very distinct.

Grand Duchess Olga.—Large, semi-double flowers, opening well. The center of the flower is blotched with white, and these white blotches are softened to a bluish lilac-mauve on a large blood-red border.

Mad. St. Pol. Bridoux.—Single. Plant free-blooming, large trusses well raised from the foliage; flowers large, center white covered with veins and marblings of rosy orange carmine. A very distinct and charming variety.

Mrs. Beecher Stowe.—Single. Plant vigorous; large trusses; grand flowers with rounded petals, each petal bordered largely with rosy violet mauve, center set off with five white spots. Each, 35c.; per doz., \$3.00.

Vera Vend.—Double. Plant of finest habit, large trusses; flowers semi-double, very open with large petals, the borders of which are rosy-orange; large center striped with white, and delicately marbled and striped with rosy-orange. One of the finest and most beautiful in the Aureole section.

NEW SILVER-LEAVED
GERANIUM
WM. LANGGUTH.

SPECIAL OFFER: One each of above 8 New Geraniums for \$2.00.

New Pelargoniums.

We offer fine plants of Fall stock cuttings, strong plants from 3-inch pots.

Champion.—(New.) Fine, large flowers, bluish-white with maroon-crimson blotch on upper petals, small, lake spots in lower. Splendid habit, making dense, bushy plants smothered with bloom.

Countess.—(New.) Bright cerise, with dark blotches on upper petals and white throat, giving the flower a striking appearance; dwarf and free blooming.

Edward Perkins.—(New.) Grand, bright orange-scarlet, dark maroon blotch on upper petals, beautifully fringed and undulated.

Mrs. Robt. Sandiford.—Grand variety, flowers large size, well doubled, beautifully ruffled along the edge of the petals and of glistening snow-white color.

Madam Thibaut.—White, richly blotched and marbled with rose, the upper petals marked with crimson maroon; large, white center. Price, per doz., \$1.50; per 100, \$10.00.

CAMELLIA JAPONICA.

We have this season imported a large lot of Camellias. The plants are in grand condition, clean, healthy and perfect. 6-inch pots, bushy, 20-24 inches high, in choice named varieties. Each, \$1.00; per doz., \$9.00.

NEW HARDY PHLOX.

EVERY FLORIST SHOULD HAVE THIS COLLECTION.

Varieties offered here are entirely new and distinct from the old fashioned Hardy Phlox, both in dwarfness of growth, size and color of flowers. They bloom most abundantly from July until late in Autumn. Flower heads measure from 7 to 9 inches across and comprise all shades of color from vermilion to white.

Crepuscule.—Large flowers, center crimson, outside of petals white. Dwarf compact grower; extra large flower heads.

Fantome.—Extra large flower, center pure white, surrounded with violet.

Fiancee.—Extra large flowers, of a pure white; very fine.

Lumineux.—Flowers very large, of a rosy carmine; center rosy white.

Jean Liabaud.—Extra large flowers, forming large, compact flower heads. Color rosy pink with bright crimson star in the center. Very handsome.

Coquelicot.—Large flowers of a bright orange scarlet; one of the brightest and most showy of Phlox.

Madagascar.—Large flowers, light blue; large white star in center.

SPECIAL OFFER: The set of 7 New Phlox for 50c.

Dormant Field Roots of 15 Standard Varieties, per doz., \$1.25; per 100, \$8.00.

Standard Varieties, 2-inch pots, ready March 1st. Doz., 50c.; per 100, \$4.00.

NEW HARDY PHLOX.

For Standard Geraniums See Page 13.

TWO NEW HELIOTROPES.

Czar.—A very dwarf-growing variety with black stems and enormous panicles of dark, velvety violet bloom; very rich in color and of the "Giant type."

Czarina.—A fine companion for the above; a little taller grower. Deep indigo-blue, with white eye; enormous trusses of the "Giant type." Per doz., 50c.; per 100, \$3.50.

White Lady and Mad. Busy, per 100, \$3.00.

NEW PETUNIA, MRS. F. SANDER.

The handsomest of all double Petunias; of the most charming pink color imaginable and producing with the utmost freedom its frilled, globular blossoms. It is the acme of perfection, in shape, color, as well as habit and frilling; quite unlike and much superior to any other kind. Each petal is beautifully fringed and deeply cleft. Per doz., 75c.; per 100, \$5.00.

Petunias.—Double white, pink and variegated; doz., 50c.; per 100, \$4.00.

MINNEAPOLIS VINE. (Pilogyne Suavis.)

These vines grow with marvelous rapidity, several inches every day and it is of the most graceful appearance. The leaves resemble those of the Ivy in shape, and are produced in thousands on a single plant.

The flowers are small, white and emit the most pleasing musk scent. A single plant will easily cover a space eight feet wide by ten or fifteen feet high. They do well in the shade or sunshine and grow in any soil. Per doz., 60c.; per 100, \$4.00.

NEW BEGONIA=BIJOU.

A dwarf form of Begonia Vernon, of a very compact, bushy growth. Flowers a deep red, changing to deep rose when entirely open. A most profuse bloomer, for specimen pot plants it is grand. It also makes a very neat edging for all kinds of beds. Stands the sun and blooms all Summer. 2-inch pot plants. Each, 10c.; doz., \$1.00; per 100, \$8.00.

PRIMULA FORBESI. (BABY PRIMROSE.)

A miniature Primula after the order of Obconica but blooms more freely. Small plants commencing to bloom when in 2-inch pot; 4 or 5-inch plants carrying from 20 to 25 flower spikes. The color is a pale lavender. The foliage is delicate and graceful, somewhat fern-like in appearance. As a cut-flower it finds ready sale and is profitable to grow as such. 2-inch pots, per doz., \$1.00; per 100, \$8.00.

Hardy Climbing Lily of the Valley.

129 (Withania Origanifolia.)

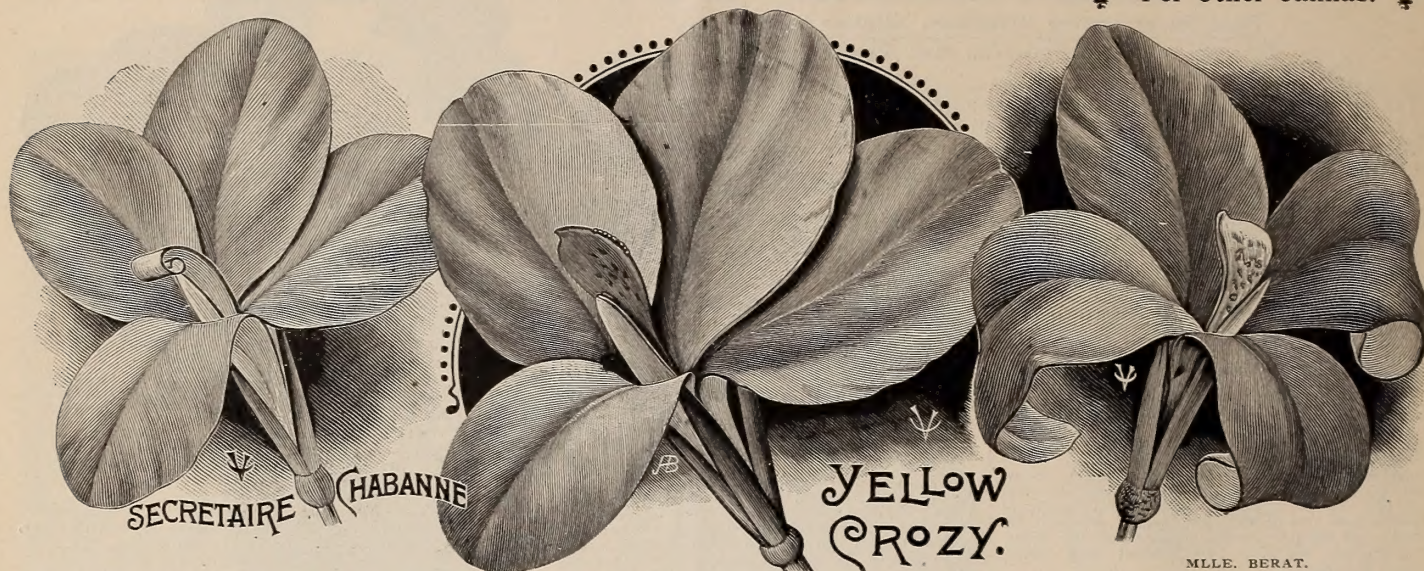

A new perennial, perfectly hardy in England. Its herbaceous, slender, diffusely branched stems are annual and attain in a few months twenty to thirty feet in height, covering a large surface. The small, dense, dark green foliage, which defies dust, disease and insects, produces a thick, impenetrable shade; persistent until frost. It is enhanced by thousands of white flowers, similar to those of the Lily of the Valley. It succeeds as well in the smoky atmosphere of a city as in the country and will be most welcomed, thriving admirably where most other climbers fail. It is of the easiest culture, and its perennial roots, when established, may remain indefinitely in the same place, care being taken to remove the vines when destroyed by frost and to cover the roots with old leaves or straw. Per doz., 75c.; per 100, \$4.00.

CANNAS

NOVELTIES FOR 1899
AND ORCHID-FLOWERED TYPES.

See page 6

For Other Cannas.

NEW CANNAS OF CROZY TYPE.

SECRETAIRE CHABANNE.—4 feet. Another new and very fine French Novelty. Green foliage, extra strong grower and free flowering. The color is a beautiful orange with deeper shadings; flowers large and round. Per doz., \$1.00; per 100, \$8.00.

VILLE DE POITIERS.—4 feet. Green foliage. Strong grower and very prolific; every stalk produces from 3 to 4 large spikes. These compact, immense spikes are composed of large flowers with narrow petals of a shining dark yellow, a color not seen in any other Canna. When developed, shows white spots in middle of petals. Does well for conservatory or house use. Each, \$1.00; 3 for \$2.50.

DWARF FLORENCE VAUGHAN.—(Comtesse de Sartoux Thorene) The best of this year's introduction. It is of uniform, dwarf habit never exceeding 2½ feet in height, with broad massive, dark green leaves. An early and continuous bloomer, throwing its general trusses of large, bold flowers just the proper distance above the foliage. Color rich, golden yellow, thickly dotted with bright red. It supplements that grand standard kind by repeating it in a dwarf growth. Per dozen, \$2.00; per 100, \$15.00.

SEMAPHORE.—Height 5-6 feet. Dark bronze foliage. The flowers are medium size with heavy, long petals, which open out evenly, dropping off when faded, always leaving the flower stalk in a clean, tidy condition. Flowers are a pure, orange shade which, combined with the rich foliage is very striking. Shows off well at a distance. Each, 30c.; per doz., \$3.00.

VICE PRES. DAVID.—4 feet. Green foliage. Extra strong, robust grower and of free flowering habit, which we have failed to find in any other Canna of this type. Extra large, well rounding flowers which open up full, showing off to great advantage. Trusses are of largest size and not too compact. Color deep, golden yellow, heavily splashed with carmine. Very striking and showy. Per doz., \$2.00; per 100, \$15.00.

FRANCOIS GOS.—3½ feet. Green foliage. Early and prolific bloomer, throwing up numerous flower stalks with compact heads of large, well-rounded flowers. Color, pure orange without markings. We consider this the best in this color. Per doz., \$1.50; per 100, \$12.00.

THE BURLINGTON.—(Our 1896 Seedling.) 5 feet. Green foliage. Flowers large and rounding, of a clear orange color with a bronze lustre. Strong grower, early to flower; cleans itself of all decayed flowers, never having that dried up appearance which so many of our good Cannas have at times. Per doz., \$1.25; per 100, \$10.00.

MENELEK.—4 feet. Green foliage, strong grower; its flowers are of large size with broad petals of good substance and produced in immense trusses. Color rich, nasturtium-red, making a very brilliant show. Mr. Crozy introduced it last year as one of his high-priced novelties. It is a good Canna in every respect. Per doz., \$2.50; per 100, \$20.00.

YELLOW CROZY.—Height 4 feet. Green foliage. This novelty, proven by us for four years, is a clear, pure, canary-yellow with no red markings except a few faint red spots on the smallest lower petal. The effect produced by a bed of it is a solid mass of pure yellow. In the full sun it bleaches less than any yellow Canna we have ever seen, owing to its good substance. Per doz., \$1.50; per 100, \$10.00.

Mlle. BERAT.—5 feet. Green foliage. The best bedder we have. It is a very soft shade of rosy carmine. The petals are long and hang gracefully upon the flower stalk. A bed of this variety is simply superb. Making a fine show of good flower trusses all of the time. Per doz., \$1.50; per 100, \$10.00.

BLACK BEAUTY.—Height 4-5 feet. This is without the best of all the dark leaved Cannas. The flowers are small, but its foliage is superb, being a deep, bronzy red, almost black. When foliage effect is wanted or in connection with the large flowering varieties its effect is grand. Per doz., \$2.00.

SAM TRELEASE.—3 feet. Green foliage. Originated with Mr. James Gurney, superintendent of Tower Grove Park, and Head Gardener of the Missouri Botanical Gardens. The greatest merit of this variety is that the petals open flat, which are of good substance, makes a large, nearly perfect circular flower, different from all other sorts. In color it is almost a pure scarlet. Very rich and glowing; the edges and center are marked with yellow about the same as in Madam Crozy. Per doz., \$1.50.

3 NOVELTIES for 1899.

CENTURY.—(Our 1897 Seedling No. 404.) Height, 5 feet. Extra strong, robust grower, throwing up immense flower stalks, each stalk having from seven to nine flower spikes. The flowers are of the largest size, petals measuring 1½ inches, and suggest a possible crossing of the Italian with the Crozy sorts. In color a bright orange-scarlet, with fine crimson veins running lengthwise of the petal, and bordered with an irregular band of yellow. The small lower petal and the throat are mottled golden yellow. The foliage must not be overlooked in this great Canna; its extra large, thick rubber-like leaves are as large as a banana leaf. For effective display, both of flower and foliage, we know of no Canna to equal it. Stock limited. Each, \$1.50.

RED INDIAN.—(Our 1897 Seedling No. 418.) Bronze leaf, strong, robust grower, sending up numerous flower stalks well above the foliage. Each stalk carries from five to six flowering spikes. Color deep scarlet; petals large and rounding. The bronze foliage and scarlet flowers make a grand contrasting effect. Each, \$1.00.

MANDARIN.—(Our 1897 Seedling No. 502.) Height 6 feet. Large, beautiful bronze leave of same character as Discolor. It carries the flower stalks well above the foliage, and with its large and well shaped flowers makes a grand sight. The flower is of a pure orange color as shown by the American Florist color chart. Each, \$1.00.

The Set of 3, 1899 Novelties, for \$3.00.

PRESIDENT MCKINLEY.—3 feet. Green foliage. Medium size flowers of good substance. Color a fiery, deep crimson. A profuse bloomer, throwing a strong flower spike. Per doz., \$1.50; per 100, \$10.00.

INCENDIE.—3 feet. Green foliage. Very prolific bloomer, throwing up numerous flower heads well above the foliage. Flowers of medium size, salmon pink, bordered with an irregular band of yellow. Under size of petals solid golden yellow. Per doz., \$1.50; per 100, \$12.00.

INGLEWOOD.—5 feet. Foliage rich plum purple, extra strong grower. Flowers of the largest size, clear deep vermilion. Per doz., \$1.00; 100, \$8.00.

BARONNE P. THENARD.—Three feet. Green foliage. Prolific bloomer. Petals large and rounding, color pure orange, shading to salmon. Per doz., \$1.50; per 100, \$12.00.

ORCHID-FLOWERED CANNAS.

ALEMANNIA.—The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. The plant grows about 5 to 6 feet high. Numerous musa-like, glaucous leaves. The outer petals are scarlet orange with a very broad gold-yellow border. This we consider one of the best of this type. Doz., \$1.50; per 100, \$10.00.

AMERICA.—Dark bronze leaves. Height, 4½ feet. Flowers enormous of a very beautiful glowing red, flamed and striped. Doz., \$1.75; per 100, \$6.00.

ATALANTA.—Height, 4 feet. Green foliage. Flowers deep orange carmine. Per doz., \$1.00; per 100, \$6.00.

APHRODITE.—Green foliage and large flowers, upper petals salmon, edged and feathered light yellow. Per doz., \$1.00; per 100, \$8.00.

AUSTRIA.—Much resembles the Burbank, but far inferior to it in substance of flowers. Per 100, \$3.00; per 1000, \$25.00.

BURBANK.—The flowers are truly gigantic in size, the three upper petals spreading fully 7 inches, and the form is really semi-double; toward the inner part the petals show fine crimson spots, all the rest of the flower is of a most beautiful, rich canary yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber. Per doz., 60c.; per 100, \$4.00; per 1000, \$30.00.

BURGUNDIA.—4 ft. Flowers resemble an expanded Canna, of a bright golden yellow with scarlet spots, center fiery red. Doz., 60c.; per 100, \$4.00.

ITALIA.—Bright orange scarlet, with a very broad golden border. Per doz., 50c., per 100, \$3.00.

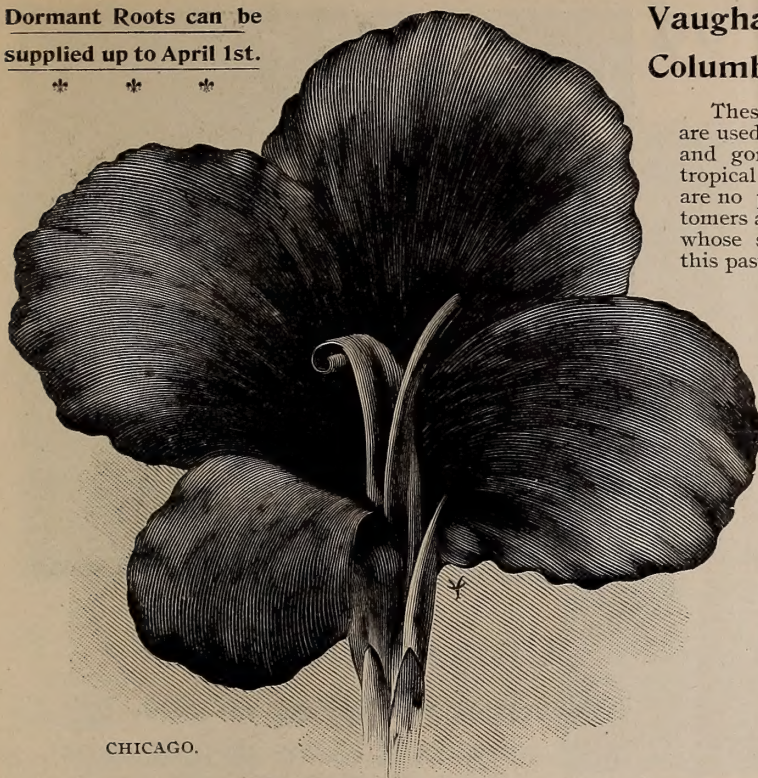

IBERIA.—Resembles Italia with lighter markings of carmine. Per doz., \$1.50; per 100, \$12.00.

Dormant Roots can be
supplied up to April 1st.

Roi des Rouges.—3 feet. Green foliage. M. Crozy calls this the "King of the Reds," and it is certainly one of the finest of the many reds already introduced. Dormant roots, per 100, \$5.00; 3-inch pots, per 100, \$6.00.

Souv. d'Antoine Crozy.—3 feet. Green foliage. A most distinct flower, rich crimson-scarlet with wide gold border on every petal. Dormant roots, per 100, \$5.00; 3-inch pots, per 100, \$6.00.

Souv. de Mme. Crozy.—4 feet. Green foliage. Large, garnet-red flowers, with broad border and large center of brilliant yellow. Dormant roots, per 100, \$6.00; 3-inch pots, per 100, \$8.00.

Stella Kanst.—5 feet. Flowers medium size, of rich apricot; foliage green. Roots, per 100, \$3.00; 3-inch pots, per 100, \$4.00.

Triumph.—3½ to 4 feet. Flamingo-type, but more vigorous larger flower and truss; rich, bright red; broad, thick petals; a constant bloomer. Roots, per 100, \$5.00; 3-inch pots, per 100, \$6.00.

FIELD OF CANNAS AT OUR GREENHOUSES, WESTERN SPRINGS, ILL.

New Carnations FOR '99

Rooted Cuttings, ready March 1st. Price per doz., \$2.00; per 100, \$10.00; per 1000, \$75.00. Except noted.

We have contracted for a large stock from the introducers of these New Carnations and can supply you all in one order, in one express shipment, guaranteeing to send you first-class stock, well rooted and free from rust.

America.—(Hill.) The largest and most perfect shaped scarlet Carnation produced thus far, producing immense quantities of its soft scarlet flowers. Of extra robust growth, free in the production of bloom. A good commercial variety. Preliminary certificate A. C. S. at Chicago.

G. H. Crane.—(Dorner.) The coming scarlet Carnation, no other will equal it. An early, continuous bloomer. Flowers average three inches, well formed, good calyx stem stiff and erect. Color, clear brilliant scarlet. Strong, clean grower, easy to lift and wonderfully productive.

Melba.—(May and Craig & Son.) This is a grand combination of good qualities free bloomer, early and continuous, in point of color the finest pink Carnation yet introduced, large and perfect form, very fragrant. Long stiff stem. Winner Craig Cup, '97. Certificate and silver medal Chicago '98.

Maud Adams.—(Niquet.) Deep clear cerise of a very pleasing shade under any light. Most attractive color of its class. A large, bold, handsome flower with extra long stem, 18 to 24 inches high, with good calyx and exceedingly free flowering.

Evanston.—(Weiland.) A sport from Tidal Wave. It is identical in growth and habit with Tidal Wave, but in color, a scarlet a shade lighter than Jubilee and has the glowing quality seen in Portia. Per doz., \$2.00; per 100, \$7.00; per 1000, \$60.00.

Red Mrs. Geo. M. Bradt.—A sport from the variegated variety; same size flower and same habit of growth as Mrs. Bradt. Stock limited. Per doz., \$2.50; per 100, \$12.00.

VARIETIES OF 1898.

Our stock is entirely free from rust and in the best condition. We do not send out rooted cuttings (except of the new varieties) but supply well-rooted plants from flats, which assures you of plants sure to grow. If stock is not satisfactory you have the privilege of returning it at our expense.

Mrs. James Dean.—Proved the grandest Carnation sent out of the '98 Novelties. It is the most beautiful shade of all the light pinks, and produces the largest flowers, averaging 3 inches in diameter, on stiff stems from 20 to 30 inches long. You cannot miss it by growing this Carnation.

Mr. Geo. M. Bradt.—A variegated Carnation that in the last two years has created a demand far greater than could be supplied. Large, perfect flowers of white, striped bright scarlet; long, stiff stems. The most even all summer bloomer; it brings the highest market price wherever grown.

Snow Queen.—Thoroughly tested white. Flowers medium to large; very productive. Strong, healthy grower, free from disease.

White Cloud.—The white Carnation for the grower who wishes to grow fancy flowers for profit. Its strong growth, long, stiff stems, large, full, fragrant flowers, early and continuous blooming and easy culture, class it as the best of the white Carnations.

Gold Nugget.—Another year's trial has proven this to have no equal in the yellow class. Its color is the deepest yellow yet produced, slightly striped with red. It is of easy culture and responds liberally to good treatment.

Mary Wood.—One of the largest of the white varieties; when first open it shows pink tinge which entirely disappears when flower is fully developed. Strong compact growth and stiff stems. Per 100, \$2.50; Per 1000, \$20.00.

Mrs. Frances Joost.—More prolific than Scott and will displace that grand old stand-by. It is a better color, longer and stiffer stems, large full flower, returns are double those of Scott; you cannot afford to be without it.

Cerise Queen.—Color brilliant cerise; a great improvement on Tidal Wave. Very free.

Bon Ton.—Bright scarlet, deeply fringed flowers. Stiff stems, does not need staking. Just the red for home trade. Per 100, \$4.00; per 1000, \$35.00.

Argyle.—Carmine pink; healthy and free grower. An excellent sort.

Empress.—Color rich crimson, large flowers, vigorous grower.

New York.—Bright cerise pink. Flowers and habit similar to Scott with a much improved color.

Evelina.—A very free and continuous blooming white Carnation. For one who wishes an abundance of white flowers, should not fail to grow Evelina. Per 100, \$4.00; per 1000, \$30.00.

Mrs. S. A. Northway.—A soft sell pink, developing to nearly pure white. Has not come up to expectation with this winter, but may prove better on further trial. Per 100, \$3.00; per 1000, \$20.00.

Price, (except where noted) per doz., \$1.00; per 100, \$5.00; per 1000, \$40.00.

MRS. JAMES DEAN

Chrysanthemum

Novelties for Spring of 1899. Ready March 1st.

We have contracted for large quantities of these sterling novelties, and guarantee to send you first-class plants in every case.

Mrs. Trenor L. Park.—This beautiful Chrysanthemum is the grandest of all yellow Chrysanthemums. The color is unsurpassed by any of its class, being a clear bright golden-yellow; in size, the largest yellow we have ever grown. In finish it is exquisite, not the slightest trace of coarseness; the stem and foliage are grand, being a free handsome grower of medium height—a mid-season variety. We have grown this variety for the past two seasons in quantity, and feel more confident of what we claim than last season. The type is an incurved Jap., the lower petals reflex so as to lay on foliage.

Price each, 50c.; per doz., \$5.00; per 100, \$35.00.

Adele.—(Seidewitz.) Japanese, incurved, delicate pink. A strong grower, with stiff stems and fine foliage; a good flower under all conditions, whether as an exhibition or commercial bloom. Coming early, October 18th, makes it one of the best of its class. Scored, commercial scale, 93 points, exhibition scale, 94 points. Certificate C. S. A.

Price each, 35c.; per doz., \$3.50; per 100, \$25.00. March delivery.

John K. Shaw.—(Seidewitz.) Ball-shaped, incurved, pink. One of the very best commercial varieties. Very strong grower, with exceptionally strong stem and luxurious foliage. An excellent keeper and shipper. This variety sells well over the counter—ready to cut October 25th. Scored commercial scale, 92 points, exhibition scale, 86 points. Certificate C. S. A.

Price each, 35c.; per doz., \$3.50; per 100, \$25.00. March delivery.

Kuno.—(Smith.) In form and habit intermediate between the two parents (Bergman and Lager.) Strap petal, more loosely arranged than those of Bergman. Good stem and foliage. White; 5 inches in diameter; fully developed October 11th. 3 feet. Second crown or terminal. Certificate C. S. A.

Price each, 50c.; per doz., \$5.00; per 100, \$35.00.

White Flyer.—(Smith.) Resembles Glory of the Pacific in foliage and habit, attaining but 2 to 2½ feet. A high built, reflexed flower of the purest white. It is not only a fine cut flower variety, but is unexcelled for single stem pot plants. This dwarf white will be very serviceable to those desiring to plant on high side benches. Midseason. Terminal bud. Winner of the \$100.00 Barnes' White Flyer bicycle at Syracuse.

Price each, 50c.; per doz., \$5.00; per 100, \$35.00.

Zeno.—(Smith.) A very late bright pink of the Japanese incurved type. In color similar to Mrs. Perrin, but larger and perfectly double. Cut November 24th. Second crown or terminal bud. 3 feet. Certificated by C. S. A.

Price each 50c., per doz., \$5.00; per 100, \$35.00.

Mlle. Lucie Faure.—(Calvat.) 4 feet. An exquisite white variety, as round as a ball, with a satin-like finish of great smoothness. Vigorous and free and with bloom of great size—the largest we have yet seen of the pure incurved. Splendid stem and foliage. A grand commercial variety.

Price each, 25c., per doz., \$2.50; per 100, \$12.00.

SPECIAL OFFER: One each of above 7 New Chrysanthemums for \$2.50.

Fancy Leaved Caladiums.

Dry Bulbs.

For window boxes, show plants or greenhouse growing, this is one of the most decorative plants. Rich, thrifty leaves, handsomer than Begonias, marbled, veined and striped with white, pink and dark red. Bulbs should be started into growth about April 1st in a warm house.

Price, named sorts, per doz., \$2 00; per 100, \$15 00

CHRYSANTHEMUMS... RARE AND CHOICE VARIETIES.

FOR NOVELTIES OF 1899, See Page 7.

Price, per doz., 75c.; per 100, \$5.00. 3 of a kind at dozen rates; 5 of a kind at 100 rates.

William H. Chadwick.—This proved one of the best novelties sent out last Spring and will be grown extensively by all up-to-date Florists, for a late. The flower is immense in size, of a waxy white, occasionally tinted pink; growth, habit, stem and foliage simply perfect. Anybody can grow it. Can be had in fine shape for Thanksgiving.

Yellow Mrs. Jerome Jones.—This has proved all we claimed for it last year, the finest of all late yellows. A sport of that grand old white favorite, Mrs. Jerome Jones. Identical in every respect with the white except in color of flower, which is a clear chrome yellow. Same shade as Bonnaillon. This is bound to become as popular as the white. Ready to cut at Thanksgiving.

Frank Hardy.—After style of Good Gracious, with stiff stem and foliage up to the flower. Color creamy white. Mid-season.

Pennsylvania.—Sport from Philadelphia; a beautiful shade of light-yellow; same shape as Philadelphia and a great improvement over that variety. Mid-season.

Mrs. C. H. Pierce.—This has proved a winner by all who grew it last Fall. It is a soft, deep yellow of perfect globe shape. Robust habit, good stem; foliage up to the flower. Excellent shipping qualities. Height 3½ feet. Mid-season to late.

Autumn Glory.—This proved one of the best of the pinks sent out last year. Color beautiful shell pink. Flowers shape of Vivand Morel; of the largest size; 4½ to 5 feet; take terminal bud.

Thornden.—(Japanese.) Deep chrome-yellow; entirely distinct and new in form. Height 3 feet; short, stout stems. Form reflexed with center petals somewhat erect. Mid-season.

Merry Christmas.—Latest of all white Chrysanthemums; good, stiff stem and well formed flowers of purest white, in style of Mutual Friend. Ready to cut Dec. 20th.

Robert G. Carey.—A very beautiful globular incurved white of good substance and good keeping qualities; will be a standard variety for all purposes. 4½ ft. In season 15th to 20th November.

Mrs. Arthur J. Caton.—Very early. In bloom Oct. 6th. Color light bronze, height 3 feet; stem and foliage perfect. In size, form and substance it excels any variety of this season.

The Yellow Fellow.—With ordinary treatment can be grown a "whopper" for exhibition. Bud tinted bronze, maturing to a rich bright yellow. Mid-season.

Snow Queen.—Large, nicely finished, snow-white flowers; full to the center. Strong stem, with foliage nearly up to the flowers. Fine shipper. Height 3½ feet; ready to cut Oct. 20th.

GENERAL LIST.

Price, except where noted, per doz., 50c.; per 100, \$3.00. 3 of a kind at the dozen rates; 5 of a kind at 100 rates.

A. H. Fewkes.—Incurved Japanese, of a bright golden-yellow; mid-season.

Beaute Lyonnaise.—Large petals; odd shade of red, with old gold reverse; very peculiar. Densely covered with spines.

Beauty of Truro.—Large flowers densely covered with spines; color light pink, center yellow.

Constellation.—True pink; large flowers, with straight petals, forming almost a round ball; stiff stems; 2 feet high; at its best October 15th.

Chas. Davis.—Light yellow, most brilliantly suffused with rich apricot.

Defender.—Dark crimson; very bright. Mid-season.

Evangeline.—Pure white; similar to Kioto, but larger and more beautiful.

Eugene Dailedouze.—Large, glowing bright yellow; center petals folded and closed as in Kioto, outer ones broad and of great substance.

Enfant des Deux Mondes.—(Child of Two Worlds.) A creamy white, hairy variety of fine shape and excellent form.

E. M. Bigelow.—Deep crimson; large bloom; full, regularly incurved.

Golden Wedding.—One of the finest of the yellows; color deep and shining gold; large and incurved.

Geo. W. Childs.—Deep, rich, velvety crimson, with no shade of brown.

Gretchen Buettner.—A large, beautiful white of great depth.

Glory of the Pacific.—Large blooms with broad petals which finely reflex, showing the clear pink color to excellent advantage; matures October 8th. Height 2½ feet.

Golden Hair.—Bright yellow, heavily plumed.

Ivory.—Perfect white ball, of good size; incurved; early.

Joanna.—Flowers large and incurved; color old gold and crimson; late.

Jennie Falconer.—Bright lemon-yellow; immense, deep blooms.

Liberty.—Deep golden yellow; 8-inch flowers, incurved; habit dwarf but robust. A fine keeper and shipper and one of the best late yellows.

Lady Fitz Wygram.—The earliest of all whites, flowering the last of September to the first days of October; dwarf; useful for early market.

Louis Boehmer.—Of same character as Enfant des Deux Mondes, but an exquisite shade of silvery pink.

Miss Minnie Wannamaker.—White; largest size; in great demand.

Mrs. J. G. Whilden.—Light yellow; large size; very early.

Major Bonnaillon.—Clear, incurving yellow; full in the center; 6 to 7 inches in diameter and nearly as deep; habit dwarf, keeping qualities excellent.

Mad. F. Bergman.—The finest of all the early whites. Very full, of good size and pure white, with creamy center; 2½ feet; blooms October 4th.

Mrs. Martin A. Ryerson.—A reflexed white of the largest size florets very artistically arranged.

Midge.—Very dwarf; 18 to 24 inches; flowers very double; pure white. Ready to cut October 10th.

Mrs. Jerome Jones.—This variety continues to gain in favor each year among the growers. Incurved Japanese of immense size; high, rounded flowers; color a creamy white; when grown cool shows a tinge of pink. In season from the 15th to the 25th of November.

Mrs. C. H. Weeks.—This, as an exhibition white, certainly heads the list. Foliage and stem excellent. Early.

Mrs. Gov. Fifer.—Large white plumes with broad petals; fine pot plant.

Mrs. J. J. Glessner.—A light yellow; extra large, ball-shaped blooms. Wide petals; mid-season.

Mrs. Moses J. Wentworth.—Chinese type; flowers large, full and deep, of a rich yellow color; a good shipper and keeper; early.

Mrs. S. T. Murdock.—An improvement over any existing tones of light rose; strong stems and well formed flowers.

Mrs. H. Robinson.—A perfect form of the Queen of England type; large and well finished. An early white, blooming October 15th.

Miss G. Pitcher.—Stem A No. 1, dwarf habit; incurved; fine yellow.

Miss May Williamson.—Pompone; the flowers are perfectly double; round as a ball, 1½ inches in diameter, pure snowy-white; bloom in October.

Mrs. Perrin.—Rosy-pink Ivory; early mid-season; 4½ feet; blooms nicely rounded and incurving; stems perfectly stiff.

Modesto.—Large blooms, of an incurved, slightly whirled form, with very high, full center. Matures November 15th.

Miss Agnes L. Dalskov.—Pink Ivory. A sport from Ivory; identical with the parent except in color which is a beautiful shell pink.

Oakland.—Clear shade of even terra cotta; an ideal bloom, full and deep.

Philadelphia.—Flowers globular form 6 inches in diameter and of the most delicate, creamy-white; tips tinged with yellow.

Paul Noisette.—Or Yellow Ivory. One of the very best for pot culture, seldom growing over 18 inches high; color rich lemon yellow.

Pitcher and Manda.—Center bright yellow; outer petals white.

Perle Lyonnaise.—Clear, golden-yellow; somewhat plumed; quite full.

Shavings.—A curiosity; flowers medium size and like a mass of mahogany shavings; dwarf and early.

The Times.—A very large flower, pink at base, shading off to a silvery pink at the tip.

The Queen.—A grand double white of largest size and great substance.

Vivand Morel.—Extra large flowers, petals long and loosely arranged. Color a beautiful light shade of pink; one of the best.

Western King.—An incurved flower, with outer petals slightly reflexing; pure white; matures November 1st.

Yanoma.—Latest white, and to the best of our belief later than any other white in commerce. Under ordinary cultivation it is at its best November 30th.

✻ **New Roses For 1899.** For Other Roses See Page 10.

New Rose, CORONET

Sweetest, largest, and freest blooming Pot Rose in cultivation.

It is a cross between that superb variety Paul Neyron, and Bon Silene, grand old favorites. Coronet is a true ever-blooming Hybrid Tea, identical in form and size with Paul Neyron.

No description or illustration can do justice to the remarkable beauty and splendor of its flowers. They are grand in every way. From the time the plant is four inches high it blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep and wonderfully double. It is full to the center and when entirely open the flowers do not look unlike Paeonies. This resemblance is made all the more striking by the peculiar color which is absolutely unlike any Rose we know. In the bud the color is a deep rich carmine, which, as the flowers open, lightens to a soft, clear pink, with each petal distinctly edged with silvery gray. The effect is beautiful. The fragrance is simply delicious. In flower and foliage it resembles Paul Neyron, while in vigor of growth the Bon Silene blood is shown. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing early in the season and continuing until severe freezing weather; slight protection during Winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years.

Price, strong, healthy plants from 2½ inch pots, per doz., \$1.50; per 100, \$10.00; 3½ inch pots, per doz., \$2.50; per 100, \$18.00.

New... **PRINCESS OF NAPLES.** Hardy Rose

A cross between Captain Christy and La France. The plants grow very solid and compact, and stronger than those of Captain Christy; have more spines and very dense, healthy, large, dark green foliage. It flowers very freely and easily, and keeps on flowering for a long time. The flowers are of good form; solid, but nevertheless of very loose, graceful appearance; color, delicate, satiny pink. The fragrance is excellent; better, stronger and more agreeable than that of La France.

The whole plant is covered with flowers in the main flowering season. The fact that the plant grows so easily makes it especially suitable for early and late forcing and cut-flower purposes; also for pot plants and outdoor work.

Per doz., \$1 50; per 100, \$10.00.

CORONET.

New Rose, Mrs. Robert Peary. (Climbing Kaiserin Augusta Victoria.)

Identical with Kaiserin except rapid climbing habit. And no doubt will become very popular as a climbing white Rose. Said to be hardy. Strong plants from 2½ inch pots, per doz., \$1.25; per 100, \$8.00; 3½ inch pots, doz., \$2.00; per 100, \$15.00.

New Rose, Red Marechal Neil.

A cross between General Jacqueminot and Marechal Neil. Flower very large, well shaped, full; form of buds and flowers like the Yellow Neil; color carmine-red, shading to pink; very sweet; most floriferous on the last year's branches; growth very strong, climbing; leaves very large. Received a Gold Medal at the Rose Exhibition in 1897 Frankfort-on-Main. Per doz., 75c.; per 100, \$5.00; 3½ inch pots, doz., \$1.25; per 100, \$10.00.

New Forcing Rose, Mrs. Robt. Garrett.

New Hybrid Tea of American origin. Color soft, rich pink, buds very long, flower extra large, delightfully fragrant, rivaling Bridesmaid in color, but larger and much more productive. A sturdy, vigorous grower. The best firms in the country are investing in it. Price, strong plants from 2½ inch pots, per doz., 75c.; per 100, \$5.00; 3½ inch pots, per doz., \$1.25; per 100, \$10.00.

New Rose, Pink Bedder.

Most profuse bloomer of its class. Perfectly hardy and a free grower. In color it may be described as a charming peach-blow pink, or rather pale rose madder, deepening towards the center, reminding one of a perfect Hermosa, although more double than the latter. The flower is medium size, very full, and beautifully cupped. In the open ground it is always a mass of flowers from spring until early winter. Per doz., \$1.75; per 100, \$12.00.

New Rose, Sweet Little Queen.

Plants extra strong and vigorous; with handsome sea-green foliage; the buds are long and when open, full and double. The outer petals are large, while those of the center are pointed like those of the Chrysanthemum or Cactus Dahlia, which lends a peculiar aspect to the flower. Very sweet and floriferous. An entirely new form and color among Roses. Excellent for forcing and out-door use. Doz.: \$1.75; 100, \$12.00.

Marchioness of Lorne.

A remarkably free-flowering variety, with cup-shaped flowers; of an exceedingly rich, rosy color, slightly shaded in the center with vivid carmine. They are large, very sweet and full in the bud exceedingly handsome. It is a true Perpetual bloomer, every shoot being crowned with a flower bud. Doz., \$1.00; 100, \$8.00.

NEW ROSES For Florists. ¹⁰

FOR NOVELTY ROSES SEE PAGE 9.

ANTOINE RIVOIRE.

A handsome new Rose of vigorous habit of growth, with large, full Camellia-shaped flowers. Color, rosy-flesh, on a yellow ground, shaded with a border of carmine. Flowers five inches in diameter. A remarkable variety of great worth. Per doz., 75c.; per 100, \$5.00.

SOUV. DU PRESIDENT CARNOT.

Grand acquisition to the list of Forcing Roses. Extremely healthy and a constant bloomer; the color is an exquisite sea-shell pink, with the edge of the petals ivory white. Price, strong plants, 2½-inch pots, per doz., 75c.; per 100, \$5.00; 3½-inch pots, per doz., \$1.50; per 100, \$12.00.

MLLE. HELEN GAMBIE.

Hybrid Tea. The color at first is a salmon-rose, varying to apricot yellow at the base. A decided advance toward a true yellow Hybrid Tea. Flowers large, very double with full high center. A prolific bloomer. Price, per doz., 60c.; per 100, \$4.00.

FERDINAND JAMIN.—A strong, vigorous grower and free bloomer of the Hybrid Tea class. Flowers large, full, globular; color rosy-carmine, shaded with salmon. Per doz., 60c.; per 100, \$4.00.

THE CRIMSON RAMBLER.

THIS ROSE SOLD IN 6 AND 7 INCH POTS IN EASTERN CITIES THE PAST SEASON AT \$5.00 AND \$7.00 EACH.

As a pot plant for retail sales this Rose is incomparable. Its hundreds of blossoms all open together and seem to improve for at least two and even three weeks. The bright crimson color holds without fading and contrasts finely with the glossy foliage. IT FORCES EASILY. We have fine dormant stock.

3-year-old, 4 to 5 feet, well branched, heavy..... Per doz. \$3.00
2½-inch pots, per doz., 75c.; per 100, \$4.00

Crimson Rambler, in Tree Form.—4 foot clear stem with 2 foot bushy tops in fine condition, will make a grand show. Each, 50c.; doz., \$5.00.

Yellow Rambler.—(AGLAIA.) This Rose is the hardest yellow climbing rose yet introduced, and quality of hardiness has been an extremely difficult one to combine with yellow color. It blooms like Crimson Rambler in large trusses.

Pink Rambler, or Euphrosyne.—Color, a clear light red, with numerous golden anthers. Similar to Aglaia in nearly all respects, save color.

White Rambler, or Thalia.—Pure white. In other characteristics very similar to Aglaia.

PRICE FOR YELLOW, WHITE AND PINK RAMBLERS:

2½-inch pots, per doz., 75c.; per 100, \$4.00; 2-year-old dormant, plants, per doz., \$2.00; per 100, \$15.00.

— FERN. —*

NOTHING is more important for Florists' use than a good collection of Ferns. They are always in demand and are indispensable for bouquet work, their beautiful foliage, which has no equal, lending effect wherever used. Our extensive stock is in the finest possible condition. Below are mentioned the varieties we recommend for general use.

NEPHROLEPIS EXALTATA BOSTONIENSIS.

THE BOSTON FERN.

This popular fern has proven one of the best decorative plants of recent introduction. It is a rapid grower, works up fast and is a good seller. The distinctive feature of this beautiful fern is, the fronds are much larger than the common sword fern, and do not stand so stiff, but droop over in a graceful manner. Excellent for making large specimen plants. Every Florist should grow the Boston Fern. We have the finest stock in the West. The plants we offer are strong, bushy, and not over-potted.

NAMED VARIETIES, Separate Colors.—Per 100, \$5.00.

MIXED, All Colors.—Good Sorts. Per 100, \$4.00.

CHINESE LANTERN PLANT.—(Physalis Francheti.)

It blooms early and produces the first season a large number of balloon-like husks 3 to 3½-inches across. The husks first appear light green, then gradually change to bright yellow, and finally to orange-scarlet. At this period of growth they strongly resemble miniature Chinese Lanterns when lighted—hence the name. Per doz., 60c.; 100, \$4.00.

BEGONIA ERFORDIA.

One of the most prolific bloomers, continually covered with clusters of its delicate, rosy-salmon flowers. An excellent variety for pots. Florists having a retail trade, will find this a rattling good Begonia. Plants begin to bloom when in 2-inch pots and continue so through the season. It also does well for out-door bedding, growing and blooming in our hot sun equal to the best Geraniums. Per doz., 50c.; per 100, \$4.00.

Begonia Manicata Aurea.—No description can do justice to this grand variegated Begonia, its heavy, waxy leaves being boldly blotched and marbled with a rich, golden cream, with a clear, pink etching in the mature leaves. Flowers delicate bluish white. Easily grown and strong. We have a fine stock and supply first-class plants. 2½-inch pots, per doz., \$1.00; per 100, \$8.00. 4-inch pots, extra fine, doz., \$3.00.

Begonia Vernon.—A grand plant for bedding out; will stand the sun like a Geranium. Foliage rich, glossy green with red edge; flowers varying from deep red to clear rose. Blooms while quite small and makes an elegant pot plant for market sales. Strong plants, 2½-inch pots, doz., 50c.; per 100, \$4.00.

Louise Closson.—One of the richest and most beautiful of the Rex family. The coloring is simply magnificent, center of leaf a deep bronze with broad band of silvery rose, edged bronze. Makes a grand specimen plant for retail pot sale. 3-inch pots, strong plants, per doz., \$1.50; per 100, \$12.00.

Sambucus Racemosus Plumosus fol. aureis.

(Cut-Leaved Golden Elder.)

A grand Novelty for pot sales. The leaves are pinnate, while the leaflets are again heavily lanceolate. The color of the foliage is bright golden and stands the sun well. Strong 4-inch pot-grown, each, \$1.00; per doz., \$10.00.

CRIMSON SPIRÆA.

Anthony Waterer.—The Ideal Florists' Plants. It outshines all other Spiræas in brilliancy of color, a bright crimson. A beautiful habit, dwarf and dense growth; a persistent bloomer during the Summer and Autumn out of doors.

DEUTZIA HYBRIDA LEMOINEI.

This new Deutzia is a cross between Deutzia Gracilis and Deutzia Parviflora, retaining the best qualities of both. It is perfectly hardy and a fast grower; all the branches are literally covered with pure white flowers, produced in compact, erect panicles. It is much better than Gracilis and is a first-class forcer. A good thing for the florists who makes a push for the first early market trade.

Price, strong 2-year old pot-grown plants for forcing, per doz., \$2.50; per 100, \$20.00.

FUCHSIA, LITTLE BEAUTY.

If an ideal pot plant is wanted for market sales, this is the plant you want. Its flowers are single, 1½ inches long, flowers are bright red with purple corolla, the plant is dwarf and of perfect habit; an early and profuse bloomer.

Price, per doz., 75c.; per 100, \$6.00

Geraniums
See page 4.

CHOICE AND RARE SORTS.

We have increased the past year our general stock of all Geraniums and are prepared to supply the steady increasing demand for these, which are sure to be as popular again as formerly. We carry a large stock and all the leading varieties. You will find in our general collection nothing but the very best, having discarded many superseded kinds. Strong and healthy 2 inch stock.

Alphonse Ricard.—Large, semi-double flowers of a brilliant shade of orange-red. Dwarf grower. Fine bedder.

Camille Bernardin.—Single. Very large trusses, free flowering habit; rosy peach, veined with bright rose and streaked and marbled with pure white. Mirande type.

Double New Life.—Flowers are double, brilliant red, and in the center of each appears another semi-double white floret.

Fleur Poitevine.—Large single flowers; color brilliant rosy carmine, marbled and striped with pure white, wonderfully free flowering.

Gloire de France.—Large, round florets of waxy appearance; color carmine and white, with carmine center. A very fine fancy pot variety.

Hedwig Buchner.—A very fine, double white variety, of the type of Ayme de Chevreliere, but we believe much superior to that variety.

J. D. Cabos.—Brunt. Single. Plant dwarf and free, bearing large trusses of flowers of a novel and pleasing color in this type; color very soft rose.

J. Ricard.—Free flowering double variety with enormous size trusses; flowers purplish crimson of a very intense shade.

J. Sallier.—Edges of petals carmine lake, single; the center is washed in tints of rose and bluish heliotrope color.

Mars.—A superb bedding and pot Geranium. It is of dwarf and compact habit, and extraordinary floriferous. The flowers are a clear light salmon, darker at the center, and produced close to the foliage.

Mad. Jaulin.—Entirely distinct color in the Brunt or bedding type. Semi-double, center of flower very delicate pink, bordered with pure white.

Mad. Bruant.—A grand, single variety, wholly distinct from any other in cultivation. White, veined with carmine lake.

Mad. Genuillet.—The best semi-double pink; excellent for bedding purposes or for early flowering in pots for market sales. Color, deep salmon-pink. Trusses very large, from 5 to 6 inches in diameter and held well above the foliage on strong stems. Won for us at the Chicago Flower Show, first premium for best ten pink Geraniums.

Pres. Leon Picas.—A dwarf, vigorous growing, double variety, an abundant bloomer; color very bright ruby-red, spotted and shaded dark violet.

Triomphe de Nancy.—Flowers semi-double, carmine-red with markings very peculiarly arranged.

Price, per doz., 50c.; per 100, \$4.00. One each of above 15 varieties for 60c.

VAUGHAN'S

The Best and Freshest
IN AMERICA.

Florists' Flower Seeds.

The Stocks here offered are in all the important kinds, special strains selected and kept true for florists use. In every class of interest to Florists, such as Asters, Pansies, Primulas, Cyclamen, Cinerarias, etc. We not only carry a complete assortment, but also the most expensive strains that the most careful growers and hybridizers can produce. We use in all our choicest Mixture of the florists seeds, some varieties which actually cost us more than the selling price but which bring up the Mixture to a high standard.

Of New Crop and tested germination.—We prove the growth of all our active selling stocks twice a year and none are sent out which do not show the right percentage of growth.

By Our Contract arrangements, supplying our stock seed, we are in position to offer Flower Seeds at very best trade rates, but of quality much superior to average importation.

American Stocks like Sweet Peas, Smilax, Salvia, Simple Asters, some Nasturtiums, etc. We carry in good supply and of choicest types.

PLEASE NOTE.—Trade packets contain considerable more seed than ordinary or retail packets, being based on Florist's needs for ordinary purposes. Florist's invariably get Trade Packets unless otherwise specified.

FLOWER SEEDS FOR SOWING IN SUMMER.—Cinerarias, Primulas, etc. We issue a special circular in May. Should you fail to receive one, please write for it, as we shall have some very desirable Novelties to offer.

ASTER, WHITE OSTRICH PLUME.

This is a selection from the Giant Comet Aster. The flowers are much more perfect, the petals are longer and more twisted, and the flowers are 5 inches in diameter. A splendid sort for cutting; blooms much earlier than the White Branching Aster.

Trade pkt., 25c., ½ oz., 50c.

ASPARAGUS DECUMBENS.

Produces vines 3 feet long, freely branched, clothed with bluish green leaves. The numerous small flowers, which have the fragrance of the Lily of the Valley; are white, with red stamens, and give the plant a very distinct appearance. The vines are very durable, and for decorative purposes of great value, especially since the growing period falls in the Winter. Cultivate like A. Sprengeri. 25 seeds, 65c.; 100 seeds, \$2.25.

New White Balsam 'Alba Perfecta'

A Balsam that will produce large, double white flowers is what seed growers have been seeking for a long time, and we know that lovers of this beautiful flower and Florists will give the "Alba Perfecta" a warm welcome. Its flowers are extremely double, very large, and the true Camellia shape; in fact, might be called a white Miniature Camellia. Trade pkt. (100 seeds), 15c.; ¼ oz., 60c.

VAUGHAN'S CARNATIONS.

This is a mixture of the best strains of Giant Margaret, Malmaison and Everblooming Chabaud Carnations, including the latest selections of yellow types. The plants will bloom the first Summer and will produce many flowers that are equal to the best cut-flower sorts. Such a mixture cannot be had elsewhere. Trade pkt. (300 seeds), 25c.

NEW LARGE-FLOWERING BROWALLIA.

Vaughan's New Upright

White Branching Aster.

In habit of growth this new Aster resembles the Truffaut Pæony-flowered type, but the plants grow from 10 to 12 inches taller. The flowers are large, very double, pure white, and of the true "Simple" type. The plants grow about 30 inches high, and produce from twenty to twenty-five flowers, which are borne on stems from 20 to 25 inches long. Its upright habit admits of close planting, and it will attain full growth when set only 10 to 16 inches apart. The growing of many plants in a small space is a decided advantage when raised under glass. Per oz., \$1.00; ½ oz., 60c.; ¼ oz., 35c.

VAUGHAN'S

Mixture of New Cannas.

This is a mixture of the following new varieties: Francois Gos, orange; Mlle. Berat, pink; Secretary Chabanne, salmon-rose; Yellow Crozy, yellow; Triumph, scarlet; Chicago, vermilion-scarlet; Inglewood, bronzed-leaved; Dwarf Florence Vaughan, yellow, spotted scarlet; Beaute Poitevine, blood-red; Leonard Vaughan, bronzed-leaved, and five other choice new sorts. Our packages contain two seeds of each of the above kinds, and grand results may confidently be expected from this seed. Trade pkt. (30 seeds), 25c.

COBÆA MACROSTEMMA.

A rare new sort, flowers light green, tipped violet, with long stamens. The foliage is good and the plant is a rapid climber. Trade pkt., 15c.

Coreopsis Lanceolata Grandiflora

This is an improvement on the common Lanceolata, producing beautiful yellow flowers in great abundance and of extra large size. Trade pkt., 10c.; ½ oz., 25c.; oz., 40c.

Dahlia Grand Duc Alexis.

The flower is of an entirely new form, each petal being twisted and of curved funnel-shaped with great regularity; the color is pure white, shading to a most delicate shell-pink. The flowers of enormous size. Pkt. (50 seeds), 25c.

Clematis Coccinea Hybrida.

A cross between C. Coccinea and Jackmani varieties, retaining the shape of the flower of Coccinea to a certain extent, but larger. In color they range from pure white to the deepest scarlet, passing through all tones of violet, blue and pink. Our mixture is extra choice. Pkt. (25 seeds), 25c.

Centaurea Gymnocarpa Alba.—A beautiful variety of C. Gymnocarpa, with pure white flowers. Trade pkt., 10c.

Chrysanthemum Frutescens Grandiflorum Luteum. Yellow Paris Daisy. Trade pkt., 25c.

New Large-Flowering Browallia.

Browallia Speciosa Major.

This new sort is without a doubt the most beautiful of all the Browallias. The plants grow only about a foot high, form dense little bushes, which are covered with an abundance of the most delightful sky-blue flowers, much larger than those of the other varieties. For beds, borders or pots there is hardly another plant with blue flowers that compares with it. Trade pkt., 25c.

Dwarf, Early-Flowering Cosmos "Dawn"

This comes into flower early in Summer and continues to bloom until frost. The flowers are large and of a beautiful white, with just a touch of delicate pink at the base of the petals. It is a decided, most attractive and useful novelty. Trade pkt., 25c.

New Giant White Centaurea.

Centaurea Americana Alba.

The stems shoot up from one to three feet, sturdy and strong, branching near the ends and every branch bearing a bloom. The color is almost pure white. It is an excellent plant for cut-flowers, the flower lasting several days when cut and the stalks being long and wiry.

Mr. E. Haentze, the leading florist of Fond du Lac, Wis., wrote us:—"I consider it a very handsome and beautiful novelty which will be to your credit. The flowers are excellent material for cut and design work and they commence to bloom before the Asters, lasting late in Fall. Trade pkt. (1/2 oz.), 25c.; per oz., \$1.50.

Vaughan's Mixture of New Cannas.

This is a mixture of the following new varieties, Francois Gos, orange; Mlle. Berat, pink; Secretary Chabanne, salmon-rose; Yellow Crozy, yellow; Triumph, scarlet; Chicago, vermilion-scarlet; Inglewood, bronze-leaved; Dwarf Florence Vaughan, yellow, spotted scarlet; Beaute Poitevine, blood-red; Leonard Vaughan, bronze-leaved, and five other choice new sorts. Our packages contain two seeds of each the above kinds, and grand results may confidently be expected from this seed.

HELIOTROPE. Lemoine's Giant.

Blooms from seed the first year, and as early as Sweet Peas or Balsams.

Heliotropes will bloom as easily from seed as any of the common annuals. Sow the seed in the open ground about the first of May, and the handsome bushes will furnish cut-flowers all Summer and Fall. Our packets contain over 100 seeds and include the very best sorts.

Trade pkt., 25c.; 1/2 oz., 50c.

New Mignonette "Silver White."

It has been the endeavor of every seed grower to produce a pure White Mignonette, that has large flowers and is sweet-scented. In this we have the best White Mignonette to date which possesses the above qualities. From 60 to 70 per cent. of the plants will come true. Pkt., 20c.

Mignonette MACHET.

We call special attention to our strain of this, there is none better.

Trade pkt., 10c.; 1/2 oz., 25c.; oz., 40c.

NEW GIANT
WHITE
CENTAUREA.

New Nasturtium, "Chameleon."

This new Nasturtium is a most remarkable advance in this brilliant family. We find that in richness and variety of colors it surpasses any other strain, and is also unique in bearing flowers of quite distinct coloring on one and the same plant—some clear, deep crimson, others blotched on light ground and others beautifully mottled. The characteristic, as well as the wonderful richness of the unusual markings, has been fixed in both the tall and dwarf forms, and we recommend both strains heartily to every grower of even the smallest garden.

TALL CHAMELEON.—This variety, with its very large, rich flowers in the greatest variety, is unsurpassed for training over fences and trellises, and blooms with the greatest freedom the entire season.

Trade pkt., 10c.; oz., 25c.; 2 ozs., 45c.; 1/2 lb., 80c.

DWARF CHAMELEON.—Trade pkt., 10c.; oz., 30c.; 2 ozs., 55c.; 1/4 lb., 90c.

COBÆA MACROSTEMMA.

A rare new sort, flowers light green, tipped violet, with long stamens. The foliage is good and the plant is a rapid climber. Trade pkt., 15c.

Coreopsis Lanceolata Grandiflora.

This is an improvement on the common Lanceolata, producing beautiful golden yellow flowers in great abundance and of extra large size. Trade pkt., 10c.; 1/2 oz., 25c.; oz., 40c.

SNOW QUEEN PINK.

This is an extra fine selection of the large-flowering double white Japan Pink, the very best strain we have ever seen. The flowers are extremely large, often three inches in diameter and resembles a white Carnation. They are produced in great abundance and are borne on long stiff stems, which combined with their lasting qualities, render them one of the prettiest of white cut-flowers. Our illustration is a production from a photograph showing a flower in natural size. Pkt. (150 seeds), 10c.

DWARF "CHAMELEON."

Primula Obconica * Grandiflora Fimbriata.

This is a great improvement on the Obconica. Flowers are borne in the same profusion as on Obconica Grandiflora. The stalks are stiff, the flower heads large and well formed, while the single flowers are arranged like those of the Chinese Primula. Pkt., 25c.

Primula Obconica * Grandiflora Rosea. ✓

Flowers are as large as those of the Grandiflora but the color is a beautiful clear pink, which is a great improvement over the former, since that mixture contains a number of washed-out colors. It comes almost true from seed. Pkt., 25c.

Primula Obconica * Grandiflora Alba. ✓

The well-formed, large flowers of this variety are borne in large clusters, and are of purest white with a yellow eye. For cut and pot culture this will soon be a general favorite. Comes true from seed. Pkt. (200 seeds), 25c.; 3 pkts. for 70c.

NEW LARGE-FLOWERING PRIMULA OBCONICA.

ASPARAGUS SPRENGERI.

**AGATHEÆ Cœlestis, The Blue Daisy.**

The flowers are the very counterpart of the Paris Daisy, which is sky blue with a yellow disc; of easy growth and produces flowers all the year. 9-in. A fine winter-bloomer. Trade pkt., 15c.; ¼ oz., 40c.

ASPARAGUS PLUMOSUS NANUS.

This is one of the most popular plants, both for pots and cutting, grows easily from seed.

Vaughan's Florists' Asters.

These are among the most important of Florists' Flowers, both for cutting and pot-culture, and we have taken particular pains in having only the best strains, in the most distinct and striking colors and furnish only seed of last year's growth. Nearly all our Aster seed is raised in Erfurt, Germany, where, as is well-known, the best Asters are grown. In comparing prices you will please bear this fact in mind and not confound our strains with inferior French or Italian seed, offered at low prices. The Aster crop was a good one last summer, and good germinating qualities and choice flowers may safely be expected.

Queen of the Earliest, White, the earliest of all.

Trade pkt., 20c.; ¼ oz., 50c.

Queen of the Market. This is the best early Aster, producing fine large, double flowers of good form on long wiry stems, flowers should be cut before they are fully opened.

VICTORIA ASTER.

GIANT COMET ASTER.

This Giant strain is a vast improvement on the original Comet Aster, the flowers are of gigantic size, **larger than those of any other Aster**, and not only are they larger, but they are produced in greater profusion. As many as twenty-five blooms are often found on a single plant. They are of good form, **very double**, and produced on **long, stiff stems**, making it an excellent sort for cut-flowers.

CENTAUREA MARGARET.

Grows about eighteen inches high and produces large, pure white flowers of the sweetest fragrance. Being produced on long, stiff stems, the flowers are most admirably adapted for bouquets, vases, etc., especially as they keep in good condition for a week after being cut. It is as easily grown as Bachelor's Button, to which family it belongs. Pkt., 25c.; ¼ oz., 35c.; oz., \$1.20.

Vaughan's Early and Late Flowering, Forget-Me-Not.

This sort will bloom in six to eight weeks after sowing and will bring forth its flowers throughout the whole summer and fall and continue through the winter if taken up and potted. The flowers are borne on long, stiff stems, are of most exquisite sky-blue with a delicate white center, and they furnish the best cut-flowers, they are satisfied with moisture and a somewhat shaded position. NEW MAMMOTH FLOWERING ALLEGHENY HOLLYHOCKS.

Bloom the First Year from Seed.

A New Type of Hollyhocks.

The flowers of this new variety are so different from the Chater's that but for the similar habit of the plant it would not be taken for a Hollyhock. They are from four to six inches in diameter, running from semi-double to double, and are finely fringed and curled. The colors are shell pink, rose and ruby red, a shade or two deeper at the center, and exquisitely tinted towards the edge. The flowers do not, as on the double Hollyhocks, rot on the stems, but drop as soon as they fade. Every bud to the top of the plant is developed into flowers, making the flowering season considerable longer. Trade pkt., 25c.; ¼ oz., 50c.; oz., \$1.75.

LOBELIA "BEDDING QUEEN."

Lobelia erinus pumila splendens.

This new variety is undoubtedly the most remarkable and magnificent of the dwarf Lobelias. The habit of the plant is very dwarf and compact, forming handsome little bushes which are entirely covered with large flowers of deepest purple, contrasting most charmingly with the pure white eye. Its freedom and duration of bloom is remarkable, the flowers lasting until late in the Fall. The best Lobelia for carpet beds, borders and pots. Trade pkt., 25c.

"Vaughan's Best" Mixture of Large Flowering Petunias.

This mixture is made up by ourselves and includes all the above sorts and colors of the Large flowering and Fringed sorts and the unsurpassed Superbissima varieties with their delicately veined throats in various colors, and their truly mammoth flowers. We are positive that no other Petunia Mixture can produce flowers with as wide a range of colors as our Vaughan's Best. Trade packet, (1000 seeds,) 50c.; 3 packets for \$1.25.

VAUGHAN'S DOUBLE PETUNIAS.

This is a mixture of the best large flowering and fringed double Petunias. Our seed is saved from plants grown in pots, carefully hand-fertilized, and will produce grand flowers. Of course everyone knows that only a certain percentage of double flowers may be expected from seed, but our mixture will produce from 20 to 30 per cent. of doubles, remainder will be choice, large, single flowers. Pkt., (600 seeds.) \$1.00. Double pure white, (250 seeds,) 50c.

Dwarf Double Lilliput, produces bushy plants, with small double flowers, which are partly spotted, blotched and self-colored; a very pretty plant. Pkt., (500 seeds,) 50c.

Extra Large Flowering, Double Fringed. This extra choice strain produces about 30 per cent. of splendid double fringed flowers. Packet, (500 seeds,) 75c.

Collection of double Fringed Petunias, 6 varieties, 60c. 12 varieties, \$1.00.

PRIMULA FORBESI.

THE "BABY PRIMROSE."

Blooms in three months from seed.

This is unquestionably one of the most profitable plants to grow for cut-flowers. An eastern Florist planted 10,000 for that purpose. It begins to bloom in three months after sowing and continues to produce flowers for ten months in succession. The flowers are very graceful, not quite half an inch across and are of a most pleasing rose color with a yellow eye. They are borne on erect stems, 10 to 12 inches high, in tiers, and remain fresh for over a week after being cut, new buds opening every day. The plant is a vigorous grower, thrives in the shade or sunshine, even in a cool house.

Vaughan's "ROSE GROWER" Bone Meal.

This is a special brand we have put up for our trade. It is ground fine, hence acts quickly. Free from acid, very white in appearance, and a superb article. It is made from bone accumulated in large slaughter houses, and should not be compared with the Bone Meal made from cattle heads and feet gathered up on the Western prairies. Such Bone Meal, which is dark in color, is flinty in character, slower to act and not nearly so desirable as our "Rose Grower" bone. Furthermore, the bones of many diseased animals are used in the manufacture of that dark Bone Meal and it is therefore a little dangerous. Our "Rose Grower" bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. The finer bone is ground, the quicker the mild acid thrown out by the tiny roots of the plants can dissolve the bone and make use of it as food. A finely ground bone can also be more evenly distributed through the soil. ANALYSIS.—Ammonia, 4½ to 5½ per cent. Total phosphoric acid, 22 to 25 per cent. Total bone phosphate, 48 to 54 per cent.

The Clara Cemetery Vase.

The Clara Vase is one of the most useful, as well as handsome articles ever placed on the market. Of beautiful solid mounted glass, 12 inches high. It takes the place of all the old tin cans, bottles, and like unsightly receptacles often used in the cemetery, where only the attractive and ornamental should be seen. The lower end is sharp-pointed so it can be embedded about six inches in the ground and stand firm. It will hold sufficient water to keep the flowers fresh and sweet, and will accommodate flowers with long as well as short stems. The vase is bell shaped and the top has a diameter of about five inches.

TRADE PRICES BELOW.
(Allowing a good margin for retailers profit.)

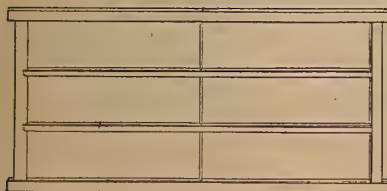

The CLARA VASE, boxed, per dozen, \$3.50.

The CLARA VASE, in barrel lots,
per bbl. (3 doz.) packing included, \$10.00.

- B. Plain Earthen Ware, each, 25c., doz., \$2.75.
- C. " " " each, 20c., doz., \$2.25.

HOT-BED SASH, UNGLAZED.

The prices we quote are for sash made of No. 1 Norway Pine. If wanted in No. 1 Cypress they cost 20c. each more, from No. 2 Norway Pine, the price is 10c. less per sash.

For 10-inch glass.
Each, 75c.; 3 for \$2.15; 10 for \$7.00.

For 8-inch glass.

THE DOUBLE-TUBE LIGHTNING INSECT EXTERMINATOR.

Kills, drives away and exterminates insects on your animals or your crops. It is made with double tube, and covers a radius of

2½ feet, producing two large sprays with one operation. The reservoir holds two quarts, which is enough to spray 2000 hills of potatoes. Only one stroke is required to cover a hill of potatoes, which cannot be done with any other machine. It uses less Paris Green and water than other machines. A

tablespoonful of Paris Green and two quarts of water will kill the bugs on 2000 hills of potatoes.

Price, Coppered, each, 85c.; 3 for \$2.25.
Galvanized, each, 65c.; 3 for \$1.75.

A NEW BOOK.

FERTILIZERS: THE SOURCE, CHARACTER AND COMPOSITION OF NATURAL HOME-MADE AND MANUFACTURED FERTILIZERS; AND SUGGESTIONS AS TO THEIR USE FOR DIFFERENT CROPS AND CONDITIONS. By EDWARD B. VOORHEES, Director of the New Jersey Experiment Station, and Professor of Agriculture in Rutgers College.

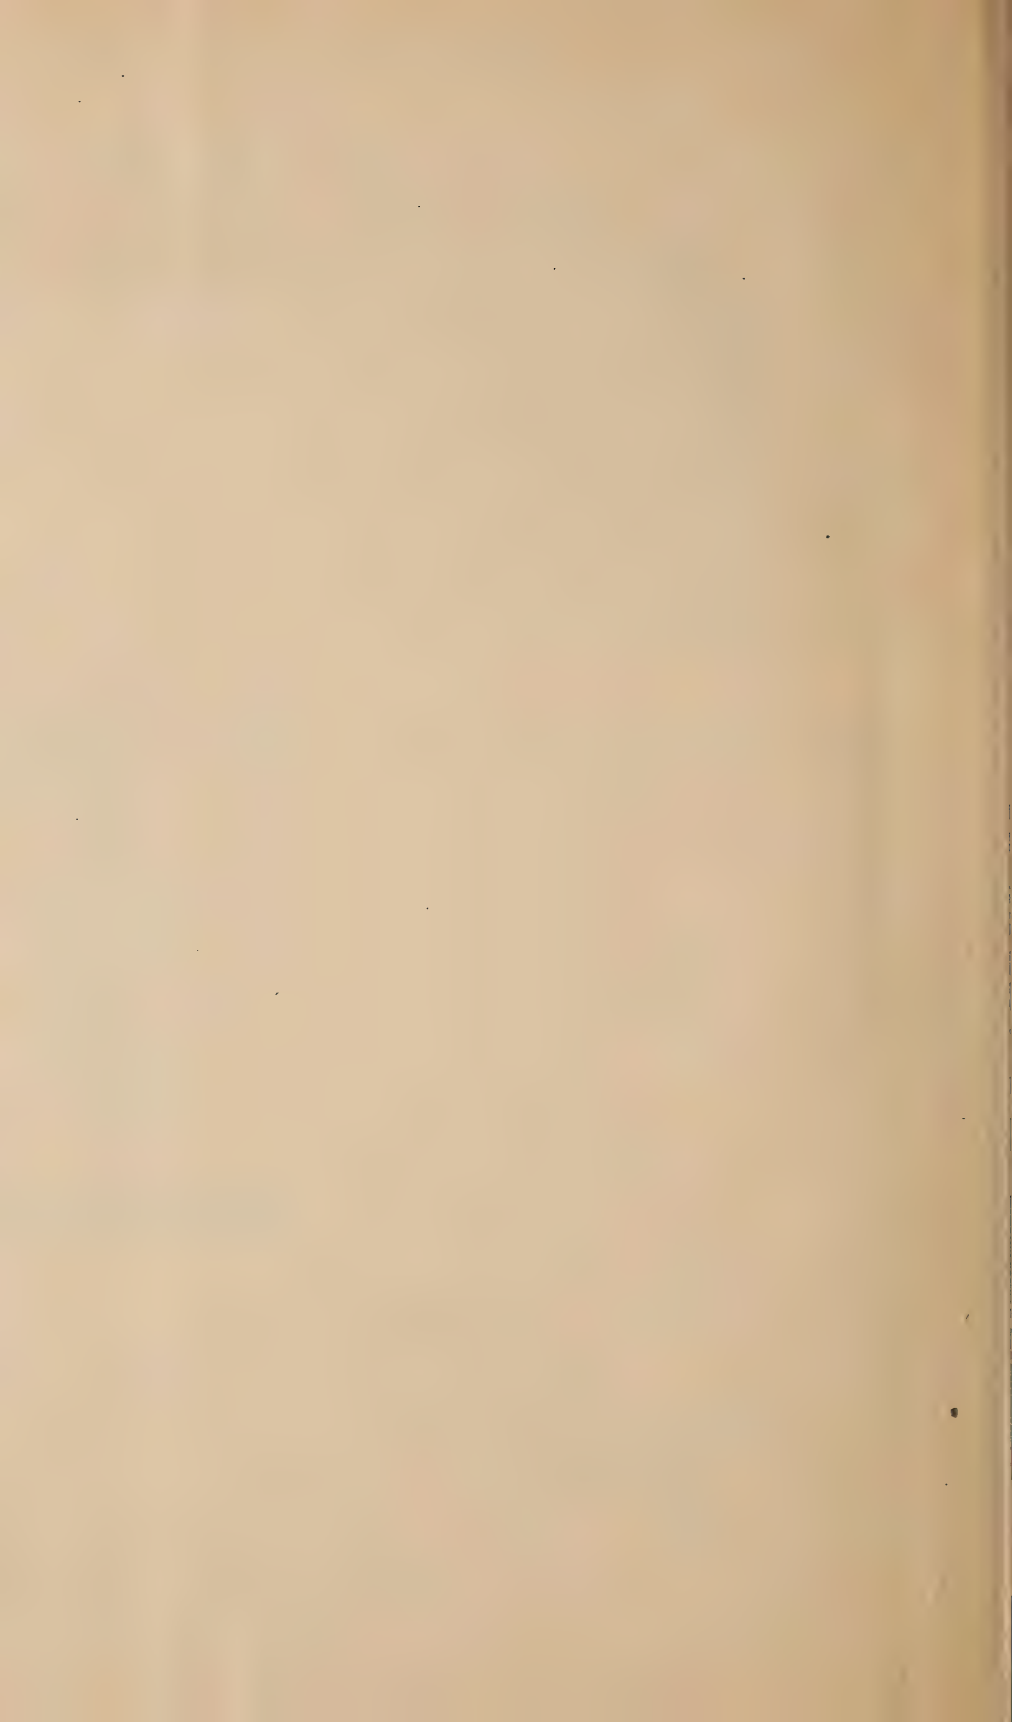

335 PAGES—\$1.00.

This book discusses the difficult questions of fertilizers in such plain and untechnical language that those who are wholly unlearned in chemistry can use it. There are no elaborate tables. The book instructs upon the fundamental principles of the use of fertilizers, so that everyone is able, when he reads it, to determine for himself what his practice shall be. It is not an advocate for commercial fertilizers, but tells simply and directly what the truth is respecting their value. It explains the latest results of experiments to determine what fertilizers are best for given soils and given crops.

The "Winner" Adjustable Jardiniere and Flower Pot Stand

A New and Useful Invention. Far Superior
to all others. Conceded by all to be the Only Stand that
FILLS THE BILL.

IT IS THE BEST

Because it is Light, Durable and Highly Ornamental.

Because it does away with cumbersome tables and stools that are generally used for that purpose, requiring only about 15 inches floor space, being just the right height for the window.

Because it adapts itself to any size Jardiniere, Flower Pot or Goldfish Bowl from 3 inches to 15 inches in diameter.

Because nothing can fall from its grasp, thus reducing the breakage to a minimum.

Because you can change your plants every day, using the same Stand; no matter what size the Jardiniere or Flower Pot, it shapes itself to all. It also has an ingenious device for holding a drip saucer to catch all dripping coming from the watering of plants. In fact it is a perfect Jardiniere Stand, well worthy its name "THE WINNER."

It is finished in jet black and makes an ornament for any room, and is a beautiful thing for porch decoration.
